Then propose shareholders meeting to approve Financial Statement for year 2020 as ended December 31, 2020

Mr. Sakda Tungsaksathid : Shareholder

1. Noted To Financial Statement No.24.1, deposit as amount of 126 Million Baht where is this amount came from? What is the propose of company for usage of this amount of money?

2. Current Assets as amount of 181 Million Baht as increased from 144 Million Baht; what kind of assets is this
3. Counting from financial value of 47 Million Baht – where is this came from
4. No.5.1; equity investment of EMC amounting of 180 Million Baht as 139 Million Baht increased from what reason?
5. Any guideline for treasury stock

Miss Nongnuch Kumchaithep : Director, Corporate Secretary and Director (Accounting and Finance)

1. Transaction in term of cash and equivalent to cash amount of 126 Million Baht. Before this the company will use this money in one of security fund (Bond Fund) with the good return but due to spread of COVID-19 therefore mentioned fund closed down as no affection to company thus company received money back and full amount of return (126 Million Baht). By this, lead company to have higher amount in term of cash thus company still take this into consideration of usage of this amount for better beneficial and higher return. Moreover, investments in the current situation need more cautiousness, and precaution
2. Other current financial assets of 181 million baht, an increase from 144 million baht due to investments in equity instruments. Has a higher value added
3. The reason that the company has repurchased its shares is because as of that, the Company's share price is low. The Board of Directors sees that the Company's business can continue to grow in the future. It is expected that the share price is likely to be higher than it currently is. Therefore passed a resolution approving the share repurchase And when the specified period has passed The company will continue to look for ways to make profit in the appropriate time and situation

Resolution The shareholders, meeting has unanimous resolution approved Financial Statement of year 2020 as ended December 31, 2020 as following votes

4. The company's production capacity is 72,000 tons. If there is an order, can it use the capacity to reach its full potential?
5. Using the same production capacity this year
6. Does the company use investments in bank funds or not?
7. Rising steel prices How does it affect the company?

**Miss Nongnuch Kumchaithep : Director, Corporate Secretary and Director (Accounting and Finance)**

1. Expressway fence on the motorway Currently using the company's products By a contractor who is a customer of the company Has made a bid to work with road repair / construction centers, including expressway fences When bidding can be done Will continue to order products of the company
2. Steel raw material It is a product that has volatility in price. The company has set a safety stock not much by using the principle of caution according to the situation that is constantly changing, the current stock of raw materials is 1.5 - 2 months.
3. Inventory for distribution The same Currently, the safety stock is about 1.5 - 2 months.
4. The production capacity of 72,000 tons is the maximum production capacity (capacity) of the machine. Currently, the company uses only 60-70% of the production capacity and still has a remaining production capacity to support the incoming orders.

5. It is a question that has been answered in conjunction with No. 4, the current production capacity is approximately 60-70%
6. The company uses the money it has invested in a bank fund. At first, it was expected that the money would be invested in order to obtain a high level of return. By having several meetings and discussions but with the current situation not very conducive whether it is the economic situation and the spread of the COVID-19 epidemic. Causing the company to work more tightly Assembly of the Committee foresees that the steel business will grow in the future. Therefore prepared to use the said money to be used for purchasing raw materials, which when there is more product sales Therefore need to order more materials As the sales of the company's products are credited to the customer. Before receiving payment from customers, it will take time.
7. The increase in steel prices will have an impact on the company in terms of revenue and price, resulting in the company's income to increase, and in this quarter 1, everyone knows that steel prices are starting to rise. Resulting in the company's revenue as expected

**Mr. Sakda Tungsaksathid : Shareholder**

1. Trend of revenue from steel, prestressed concrete and what is the stranded steel wire? Total revenue of 1,000 million baht is the operating income?
2. What is the company's forecast for this year's net profit?
3. EPS not less than 10% In the report, is earnings per share growing at least 10%?

**Miss Nongnuch Kumchaithep : Director, Corporate Secretary and Director (Accounting and Finance)**

1. If the situation in 2020 - 2021 is not normal, the steel wire group is rarely affected. Since it is a business group that is essential to basic infrastructure such as repair work and construction of buildings, buildings and roads throughout the country, it has received orders continuously In addition, the company also has its own internal improvements in cost. As a result, the cost of the company is lower. It can compete with other manufacturers. The revenue of 1,000 million baht is estimated revenue. That the company expects to do in 2021, which is the operating income and had done up to 1,000 million baht a few years ago.
2. In situations where they can be controlled There is no fluctuation in raw material costs as well as the overall economic condition as normal for steel business, profit is around 4-5%
3. In that annual report It is a profit estimate that the company has planned in advance. It is expected that the company will make a profit of up to 10%.
